Dear Mr. Norman:

Thank you for your letter of November 18, 1957, requesting information about commercial facilities which may be located either in the Central Intelligence Agency building or on the site at Langley, Virginia.

Our present building plans do not provide space for the operation of private enterprise in the building and we have not yet concluded whether it will be feasible to provide these facilities elsewhere on the property. We have placed your letter in our active files and in the event that it becomes possible to accommodate private enterprise somewhere on the premises, we will be pleased to inform you of the type of concessions to be considered.

Your interest in this matter is very much appreciated.

Sincerely,

151

L. K. White
Deputy Director
